Who are we?

Centro Social Marelo is a non-profit social assistance entity, which receives teenagers and children who are in a socially vulnerable situation. We aim to give this group service for human development and socialization. We aim to ensure them a better future and to provide them with the opportunity to develop their personal skills and abilities.

Our history

The Congregação dos Oblatos de São José created the Centro Social Marelo – CSM, on the 30th of May 1995 to provide a different education to teenagers who are in a risky social situation. Back then it was merely a handful of teenagers from 12 to 17 years. Nowadays, there are 150 teenagers and children from 6 to 15 years-old attending this institution. They are divided in two groups, the morning and the afternoon, with the application of social-educational activity through classes, which include:

Sports

Theater

Judo

Agriculture

Dance

Educational Games

Human Formation

Games room

Technology

Literature

Handcraft

Music

Mission / Vision

Our mission is to educate in human development in a stable and controlled environment for a better society. We aim to exist as a cooperated institution with human values and develop a new generation through the Christian vision.

Specific objectives

- Provide teenagers and children with the opportunity of developing social and human formation through social-educational activities
- Provide the opportunity of developing social education, goal of learning, logical reasoning, concentrating and memorizing; consolidating and amplifying knowledge and cultural experiences; invoking them to overcome the obstacles through education
- Provide the opportunity of developing their personal skills; stimulate their reasoning, their perception, their creativity and their imagination by participating in cultural and artistic activities
- Promote better health and life quality by eating nutritional meals
- Promote social integrity through friendship and mutual respect
- Provide a good treatment to develop the socialization and inclusion, to ensure a better future
